28th National Japan Bowl Overview

On May 29, 2020, the Japan-America Society of Washington DC (JASWDC) held the 28th National Japan Bowl®. JASWDC transitioned this year's competition to an online event titled the Digital Japan Bowl due to the ongoing global pandemic. **The Digital Japan Bowl welcomed 170 students from 53 teams and 14 states and territories.** Although the underlying circumstances forced a small number of schools to drop out of this year's competition, the novel format also enabled some schools to join that would have otherwise been unable. **The online format also allowed the National Japan Bowl to reach an audience *at least twenty times larger* than usual.**

This year's participants were welcomed to the National Japan Bowl with *ganbatte* (good luck) messages from JASWDC friends such as **Ambassador Shinsuke J. Sugiyama, Ambassador John Roos, Deputy Assistant Secretary of State Mark Knapper, U.S. Astronaut Daniel Tani, Peter Kelley** (National Association of Japan-America Societies), and others. The *ganbatte* messages are publicly available on JASWDC's Japan Bowl website and YouTube channel.

National Japan Bowl participants competed at three different levels in two preliminary rounds, during which students were challenged by questions covering not just the Japanese language but also a wide range of questions on Japanese history, culture, daily life, and popular culture, to name a few. The top three teams at each level advanced to the National Championship Round for a competition that was broadcast live on YouTube. The National Championship Round crowned this year's National Japan Bowl winners: **Thomas Jefferson High School, VA (Level 4), Stuyvesant High School, NY (Level 3), Townsend Harris High School, NY (Level 2).**

During breaks in the competition, the National Japan Bowl provided students a variety of cultural workshops on calligraphy, *origami*, chopstick skills, tea ceremony, *onigiri* (Japanese rice ball)-making, and conversation practice. Students also participated in Japanese pop culture quizzes, and info sessions on Japan study abroad opportunities with the JET program.

For the first time in the 28-year history of the Japan Bowl, the final rounds and award ceremony were broadcast to a public audience. **The Digital Japan Bowl YouTube livestream reached an audience of over 6,000 viewers in the United States, Japan, and elsewhere.** This public event featured not only the live National Japan Bowl championship rounds, but also messages from Princess Takamado (who serves as the Honorary Patron of the Japan Bowl), Vice President Mondale, Chargé d'affaires Joe Young, Ambassador Shinsuke J. Sugiyama, and international celebrity George Takei, who joined the Zoom meeting "in person" to congratulate the winners.

Pending safe travel conditions, JASWDC will partner with the Japan Ministry of Foreign Affairs' Kakehashi program to bring a Japan Bowl delegation (inviting this year's champions and other top competitors from Level 4) for a week-long experience in Japan.

ADDITIONAL COMMENTS

- Truly we're going through a tough time, and so I'd like to say thank you for allowing us to still go through the experience of this event. Although it couldn't match the in-person Japan Bowl, I still believe my team had a fun time.
- After a year of studying, I'm glad that we were able to compete digitally. The event went smoothly and was well-organized-- I'm looking forward to competing again next year!
- After 4 years, I just want to say thank you for making my experience wonderful. In college, I will be majoring in Japanese and I plan on becoming a teacher and maybe I will come and help out at Japan Bowl in the future. 本当にありがとうございました。

全米ジャパン・ボウル® 大会について

現在米国では、中高生レベルの日本語学習者が最も多く、7万人を越えるという統計が出ています（国際交流基金2016年）。

本大会は、全米各地で日本語を学んでいる高校生が、日本語能力のみならず日本の文化・習慣・歴史・地理・時事・日米関係など、幅広い分野について競い合うクイズボウル形式の全米大会です。

参加者は日本語学習年数によって3つのレベルに分かれ、3人1組で大会に臨みます。予選では50問が出題され、合計点で各レベルの上位3チームが全米優勝決定戦に進みます。予選から優勝決定戦まで、知識のみならず、応用能力、スピード、チームの団結力等が要求されます。また言語と文化を結び付け、さまざまな角度から「日本」について学習できる機会としても特徴的です。

アメリカで、日本語を外国語として学ぶ高校生を支援する教育活動の一環として毎年開催しており、日本語学習を楽しみ、日本への関心を更に高め、大学においても日本語学習を継続してもらうことが目的とされています。日米間の草の根親善促進、未来の架け橋となる人材育成につながることも期待されています。

毎年大会参加者の95%以上が、大学でも日本語や日本文化を勉強したいと答えています。また半数以上が日本の企業や機関で働きたい、80%が日本とビジネスする米国企業で働きたいと答えています。

学生にとっては、ジャパンボウルは楽しい経験だけではなく、チャレンジする機会でもあります。
